

Leviton® Vizia RF +® Module Now Available on the Compass Control®

Leviton® Vizia RF+® 2 products are now compatible with the Compass Control® System, the first fully integrated major control system built from the ground up to use iOS & Android devices – as its backbone.

Key Digital has developed a driver and a pre-configured GUI template for the Compass Control® system to interface with Leviton® Vizia RF +® System. Compass Control® system enables Leviton® Vizia RF +® users with iOS/Android access to “smart” lighting control with the ability to adjust light controls, faders, and other HomeConnect devices wirelessly, using Z-Wave® radio frequency technology, while having an integrated control system under their fingertips with additional video, audio, security, and automation controls.

Module Features:

- › Full Bi-Directional Driver over RS control
- › Control any Z-Wave® Device that supports HomeConnect
- › Dimmer/Switch Control for Lighting
- › Door Locks and Deadbolt Control
- › Supports multiple HomeConnect enabled brands

Leviton and Vizia RF + are registered trademarks of Leviton Manufacturing Co., Inc. Compass Control is a registered trademark of Key Digital Systems. Key Digital Systems, Inc. is not affiliated, associated, authorized, endorsed by, or in any way officially connected with Leviton Manufacturing Co.
